

A Unique and Fascinating Book

I just joined this site in order to recommend a wonderful book I'm reading, "Finding Emmaus" by Pamela S. K. Glasner.

I'm reading "Finding Emmaus" now and just loving it! I'm only on page 82, but I'm enjoying the contrasts and similarities between the two time periods and the characters. I'm also appreciating all of the research time you put into it and the very easy flow of your writing. I'm definitely hooked! It's a very unique and fascinating book. Good luck!
